

ATTENTION PARENTS OF CATHOLIC GRADUATES!

Discover how you can play your part in keeping your student Catholic in college...

WITHOUT questioning if you “did enough” to prepare them!

WITHOUT feeling powerless once they are out of your house!

The fact is: 80% of college students leave the Catholic faith when at college. Many students...

- Make friends that lead them down the wrong path...
- Get involved in partying, and other immoral activities...
- Are slowly influenced by secular professors, students, and culture...

But there’s a **BIGGER** problem. **Students get to campus with no connections, no friends, and no group to call their own.**

What if you could ensure your student is connected to a thriving Catholic community and like-minded people...before they get to campus?

Are you worried about your student making the wrong friends? Does the thought of "Did I do enough to prepare them for this next phase" bombard you? Do you feel like there is nothing you can do to ensure your student is safe and doing the right things?

If you're ready to keep your student active in their Catholic faith and thriving in college, then **Newman Connection** is for you.

Newman Connection connects your graduating senior to the Catholic campus ministry at their college before they get to campus. No more will Catholic students fall away for lack of friends or community!

All you need to do is...

- Scan the QR code
- Fill out the form
- DONE!

Your student will have the opportunity to be contacted by their campus minister, starting day 1 of life on campus the right way!
